

We would like to provide general information about Russian State Agrarian University – Moscow Agriculture Academy named after K.A. Timiryazev in English:

as well as the PowerPoint presentation, where core educational programs are inscribed (attached). Each of the program imply incoming and outgoing academy exchanges, both for students and teachers.

It will be great pleasure for us to receive citizens of the Kingdom of Thailand at our preparatory department (where they learn Russian) with further education at bachelor, master, and post graduate programs.

To submit the application please visit the webpage <https://education-in-russia.com/?fbclid=IwAR0tUWzYD8TQFvXGKdR9BmEgZlHnV6eLkqf7jC8>  
(information is given in 15 languages –button is in the upper right corner)

**1<sup>st</sup> step:** Register on the website [education-in-russia.com](http://education-in-russia.com), “Register” icon is on the right

Detailed guidance is here <https://youtu.be/XlrGqPrW6P0?si=p6LSFa-HWYA2mOYc>

**2<sup>nd</sup> step:** Fill in the questionnaire on the same website [education-in-russia.com](http://education-in-russia.com)

- Choose a level of education: bachelor/master/post graduate
- Choose a program of education (the list of programs is attached)
- Choose the university. Overall six Russian universities could be chosen out of the list. In order to guarantee enrollment in our University, please make sure to put “Russian State Agrarian University – Moscow Agricultural Academy named after K.A. Timiryazev” as a first option.

In case of any further questions, please contact diplomatic representatives of Russia in Thailand.

**3<sup>d</sup> step:** Get qualified in competitive selection in Your country

**4<sup>th</sup> step:** Receive an invitation letter (from the Ministry of Science and Higher Education of the Russian Federation) and study visa (at the Embassy of Russia in Thailand)

By providing a letter of support from the University, this will enhance applications and facilitate the process.

We are open for any further consultations and ready to help applicants to fill in the application forms.

Deadline for submission of applications is **15<sup>th</sup> February 2025** !!

Kind regards,

A.Yu. Voronina

**Bachelor and specialist programs:**

<b>№</b>	<b>Code</b>	<b>Name of the program</b>
1	05.03.04	Hydrometeorology
2	05.03.06	Ecology and management of natural resources
3	06.03.01	Biology
4	08.03.01	Construction
5	19.03.01	Biotechnology
6	19.03.02	Food of plant origin
7	19.03.03	Food of animal origin
8	20.03.02	Environment engineering and water management
9	35.03.01	Silviculture
10	35.03.03	Agronomical chemistry and agricultural soil science
11	35.03.04	Agronomics
12	35.03.05	Garden management
13	35.03.06	Agricultural engineering
14	35.03.07	Technologies of production and processing of agricultural items
15	35.03.10	Landscape architecture
16	35.03.11	Hydramelioration
17	36.03.01	Veterinary and sanitary expertise
18	36.03.02	Zootechnics
19	38.03.01	Economics
20	36.05.01	Veterinary

**Master programs:**

<b>№</b>	<b>Code</b>	<b>Name of the program</b>
1	05.04.06	Ecology and management of natural resources
2	06.04.01	Biology
3	08.04.01	Construction
4	09.04.02	Informational systems and technologies
5	09.04.03	Applied informatics
6	19.04.01	Biotechnology
7	19.04.02	Food of plant origin
8	19.04.03	Food of animal origin
9	20.04.02	Environment engineering and water management
10	23.04.03	Exploitation of transport and technological machines and complexes
11	35.04.01	Silviculture
12	35.04.03	Agronomical chemistry and agricultural soil science
13	35.04.04	Agronomics
14	35.04.05	Garden management
15	35.04.06	Agricultural engineering
16	35.04.09	Landscape architecture
17	35.04.10	Hydramelioration
18	36.04.01	Veterinary Sanitary expertise
19	36.04.02	Zootechnics
20	38.04.01	Economics

**Post graduate programs:**

<b>№</b>	<b>Code</b>	<b>Name of the program</b>
1	1.5.15	Ecology
2	1.5.6	Biotechnology
3	1.5.7	Genetics
4	2.1.6	Hydrotechnical construction, hydraulics, and engineering hydrology
5	4.1.1	Geoponics and horticulture
6	4.1.2	Selection, seed farming and biotechnology of plants
7	4.1.3	Agronomical chemistry, agricultural soil science, plant protection and quarantine
8	4.2.4	Specific zootechnics, feeding, feed technologies and animal husbandry products production
9	4.3.1	Technologies, machines and equipment for agro industrial complex
10	5.2.3	Regional and industrial economics
